

400 Watt Curved Infrared Panel

Yandiya Far Infrared Curved Heating Panel which is a stand-alone curved heater, that supplies instant heat in areas where traditional heating is being used.

The curved panel is design to give a supplement heat where traditional heating is still being used, an inexpensive to operate, can easily be plugged into the main current and using the ON/Off switch.

Yandiya Far Infrared panels operate at a fraction of the cost of traditional heating systems, giving better thermal comfort levels.

Technical Specifications

Dimensions:	500 x 550 x 174mm
Power:	400 Watt
Voltage:	220V- 240V
Heating Coverage:	4.83-5.85m ²
Overheat Protection:	120/130°C
Energy Transfer:	98%

Manufacturer Material Specification:

Surface Design	Framed polished Aluminium with PET front and Heat Resistant Aluminium
Heating Element	Carbon Crystal Nanotech Ink
Material	Conductive Electrical Carbon Modular Nanotech Ink/Epoxy Resin
Construction	Framed aluminium curved with PET heating element and Post Red Colored Aluminium Back
Fixings	Free Standing with On/Off Switch
Connection	UK/EU/US Plug with 2-meter cable
Surface Temperature	<85°C +/-10%
Service Life	20 years
Warranty	10 years
IP Rating	IP41

Yandiya Infrared Panels must be used in conjunction with thermostat control units. We Recommend installation by an approved installer.
